# 1 Torn Paper Border

1. From Filters select **Alien Skin Splat LE>Edges**

2. Select "Torn Paper" from drop down list, and set the parameters until you get the desired torn paper effect.
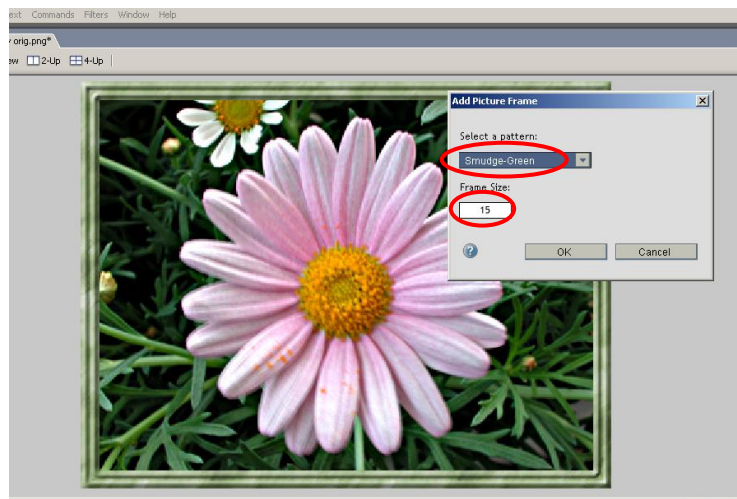

This should give you something like this.

2 more conventional borders

1. From the Main menu select **Commands>creative>add picture frame.**

2. Select a suitable pattern and frame size from the frame popup.

3. By applying this frame technique gain you can get some interesting effects of a frame within a frame such as this one.
